

# **The 4th International Integrated Oncology Training Program ( India, Switzerland & Thailand) 2022-2023**

Klinik Arleshiem - Hospital for Integrated Medicine, Arlesheim Switzerland

International Certificate Program  
A Post Graduate Training in Mistletoe therapy  
(Viscum Album) and its application in  
Integrative & Palliative Oncology.

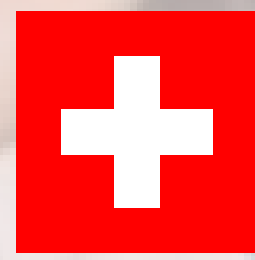

The Legendary Indian Surgeon  
Sushruta, in his treatise  
'Sushruta Samhita', mentioned that  
"ARBUDA ROGA" or Cancer as we know  
is a disease affecting mankind for a  
millennium.

It is commonly seen that all systems of medicine are fighting the battle against cancer individually, but have been divided by their own barriers of exclusivity.

An integration of various systems of medicine can bring in a new dimension of treating cancer.

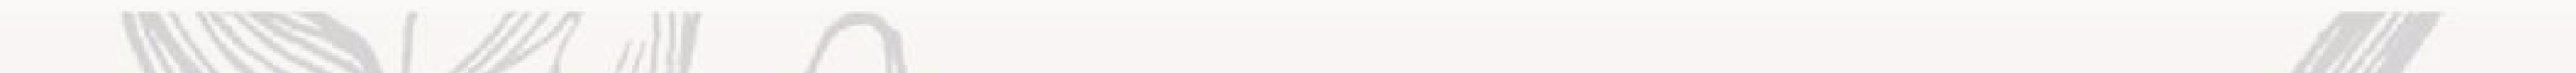

Keeping the same in mind the European and Indian doctors in conventional oncology, Physicians from Traditional systems of medicine (AYUSH) and later on Thai medical speciality doctors, all trained in Integrative & Palliative oncology have collaborated to start a certified training program.

**'The International Integrated Oncology Training Program'**  
**(IIOT)**

The program trains certified doctors from conventional and AYUSH systems of Medicine interested in the practice of integrative and palliative oncology with special emphasis on Mistletoe and its clinical application in oncology.

# **3 Module Training Program (Theoretical & Practical)**

2 Modules National (India / Thailand)

&

1 Module International (Switzerland)

# Our course modules includes Lectures on:

Modern / Conventional Oncology

Immunology - Oncology -  
Mistletoe therapy

It gives the participating doctor a chance to visit these world class centers in Oncological & Integrated Medicine hospitals.

# Lectures at klinik Arlesheim & Medical Section Gotheanum, Switzerland

# Experience Integrated therapies at Klinik Arlesheim

# Visit to the manufacturing factories - Switzerland/Germany

# Final Certification

After completion of all modules and required case presentations the participating doctors are awarded with an International Certification

# National & International Faculty

**Dr. P Harihara Murthy**  
**Head & Neck Surgeon**

**Dr. Marion Debus**  
**MD. Haemato-Oncologist**

**Dr. Kan Anek**  
**MD- Medical Physician**

**Dr. Ravi Doctor**  
**Homeopathy & Palliative Med.**

**Dr. Firuza Sirwala**  
**MBBS.GP**

**Dr. Mathias Girke**  
**MD Oncology**

**Dr. Georg Soldner**  
**Pediatrician**

**Dr. Wahida Murthy**  
**MBBS.DLO. Art Therapist**

**Dr. Michaela Glockler**  
**MD.Pediatrician**

**Dr. Srinivasa Kaveri**  
**Phd. Research Scientist**

**Dilnavaz Bana**  
**Curative Eurythmist**

**Ms. Sudha S. Rao**  
**Cert. Nutritionist**

## **Testimonials from IIOT trained doctors**

Mistletoe Training program gave me a deep insight into the cancer disease..

Apart from my Homeopathic background the three teachers gave us a new direction to treat this disease..

Today I can proudly say I had a chance to visit a European Hospital as a student of Medicine

Its a course every AYUSH practitioners should do..

"For every human illness, somewhere in the world there exists a plant which is the cure. I believe that there is a healing potential locked inside plants which is an integral with their evolution, just as it is a part of human evolution to learn to tap this gift of nature".

Rudolf Steiner.
